SkyMall welcomes 30 new merchants and hundreds of new products.

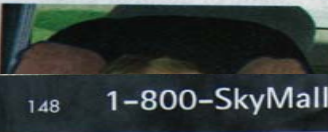

KEEP YOUR CHILD SAFE WHILE LEARNING TO WALK, & VERY COMFORTABLE WHILE SLEEPING IN THE CAR!

Our unique new **Walk-O-Long** is great for a toddler's first steps, or to keep a 4 or 5-year-old safe while exploring the great outdoors. Field tests indicate children using Walk-O-Long are independently walking on their own several months earlier than normally expected. Walk-O-Long helps your child to quickly build confidence, balance and coordination - and parents love it because it saves them from back, arm and wrist pain plus the effort expended in the constant bending to prevent those all too frequent tumbles! Walk-O-Long is also an invaluable help for children learning to ice or roller skate and for special needs children of all types. Simply wrap it around your child's chest and under the arms, adjust to the perfect fit and secure the safety buckle in back. Made of super strong flat nylon webbing used by firefighters with built-in comfy

handles to fit every adult grip. Cleans easily. Select pink or blue color. Also use our **Toddler Coddler** to let

KEEP YOUR CHILD SAFE WHILE LEARNING TO WALK, & VERY COMFORTABLE WHILE SLEEPING IN THE CAR!

Our unique new **Walk-O-Long** is great for a toddler's first steps, or to keep a 4 or 5-year-old safe while exploring the great outdoors. Field tests indicate children using Walk-O-Long are independently walking on their own several months earlier than normally expected. Walk-O-Long helps your child to quickly build confidence, balance and coordination - and parents love it because it saves them from back, arm and wrist pain plus the effort expended in the constant bending to prevent those all too frequent tumbles! Walk-O-Long is also an invaluable help for children learning to ice or roller skate and for special needs children of all types. Simply wrap it around your child's chest and under the arms, adjust to the perfect fit and secure the safety buckle in back. Made of super strong flat nylon webbing used by firefighters with built-in comfy

handles to fit every adult grip. Cleans easily. Select pink or blue color. Also use our **Toddler Coddler** to let your sleepy child ride in the car in comfort. This great new safety product has been recommended by doctors for correct support with healthy spinal alignment for your sleeping child while traveling. It works safely with any forward-facing car seat or booster and installs in less than one minute. The **Toddler Coddler** is recommended for ages 12 months and older. 100% machine washable. Hypoallergenic filling, tan color. Both items are "Mom-tested" and

enthusiastically approved!
2290A Walk-O-Long \$59.95
2310A Toddler Coddler \$59.95
2315A One of each \$99.95

ENJOY LONGER, FULLER LASHES WITH OR WITHOUT MASCARA!

This revolutionary European product made from natural proteins promotes healthier, stronger lashes with just three weeks of bedtime applications! Simply brush on clear **DoubleLash** at bedtime and you will have noticeably longer, thicker and healthier lashes! This gentle formula won't irritate even sensitive eyes, and also works to restore thinning eyebrows. 30 oz. Once **DoubleLash** works its magic, you may wish to try its sister **Waterproof Mascara** product. This protein enriched European formula protects your lashes and provides an enhanced soft and silky appearance. The included curved brush will further lengthen and thicken lashes. Best of all, it's completely waterproof! Quick drying, won't smear. 38 oz.
1090A DoubleLash \$24.95
1835A Waterproof Mascara \$24.95

Strengthens, lengthens and thickens lashes

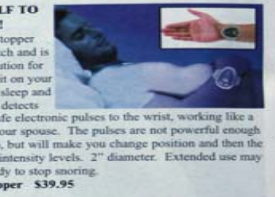

A REVOLUTIONARY DEVICE FOR TREATING SKIN INFECTIONS!

The **DermaSeptic** is highly effective against herpes, cold sores, warts and fever blisters. These skin disorders are caused by viral infections that begin under the surface of the skin and then erupt to last for weeks. The **DermaSeptic** is a microprocessor-controlled electronic anti-septic device that painlessly delivers natural anti-microbial silver ions directly to the infected tissue before the infection breaks out into an open sore. Because it permeates the infected tissue, it cannot be rubbed off and remains effective for hours. Silver is a broad-spectrum anti-microbial that inhibits viral and bacterial infection on contact and has no side effects. The **DermaSeptic** contains no consumable antibiotics and will last for years. It operates from a single battery (included).
1060A DermaSeptic \$99.95

TRAIN YOURSELF TO STOP SNORING!

Silent Night Snore Stopper looks like a wristwatch and is an easy and safe solution for your snoring. Wear it on your wrist when going to sleep and the tiny microphone detects snoring and sends safe electronic pulses to the wrist, working like a gentle nudge from your spouse. The pulses are not powerful enough to disrupt your sleep, but will make you change position and then the snoring stops. Two intensity levels. 2" diameter. Extended use may actually train the body to stop snoring.
1570A Snore Stopper \$39.95

BREATHE EASY AND STOP SNORING!

Finally, a "stop snoring" product that works! The **Breathe Fit Snoring Aid** promotes easier breathing by applying gentle pressure to the septum to open nasal passages. Forget adhesives and clumsy gadgets. **Breathe Fit** is reusable, washable and easy to insert. Try it for yourself ... and for someone you love.
1070A Original Breathe Fit Snoring Aid \$29.95
