The Walk-O-Long is a multi-purpose safety product invented to lessen back strain. The soft, adjustable tether wraps around a child's chest and under the arms. With the Walk-O-Long, you can keep the kids in tow, save your back and prevent nursemaid's elbow, a condition that can occur in small children when they are pulled too hard by the hand or wrist. It's been used by physical therapists, hockey and skating coaches, and parents of special-needs children. \$27.95
